

MANUAL GUMMED PAPER DISPENSER  
MODEL: B6

# MANUAL GUMMED PAPER DISPENSER B6

**N°1 for the sturdiness and quality of its mechanism.** B6 is a user friendly and economical manual gummed paper dispenser for small quantities of carton sealing operations per day. No electricity is needed to operate the B6, it is easy to move around.

✓ **Durable:** robust frame with varnished steel sides, burnished and zined parts against corrosion.

✓ **Highly reliable:** simple, silent and safe. Handle to dispense variable paper lengths. Two possibilities of length setting recognition. Brush made for a perfect moistening.

✓ **Cuts all types of gummed paper tape** standard or reinforced .

✓ **Italian production**, very little maintenance. Efficient and complete after-sales service.

## TECHNICAL FEATURES:

- Machine dimensions: mm 385x285xh222 approx.

- Weight: Kg. 9,3 approx .

Gummed paper rolls:

- Ext. Ø mm 200 max

- Width: from mm 20 to mm.100

- Length: from mm 100 to mm 1100

## EXAMPLE OF APPLICATION

## WHY CHOOSE GUMMED PAPER TO CLOSE CARDBOARD BOXES?

✓ **Security:** it is tamper evident, the glue on gummed paper penetrates and bonds completely with the cardboard. Gummed paper cannot be removed without damaging the boxes, thus proving the theft.

✓ **Environment friendly:** it is natural and completely recyclable, Gummed paper is made of paper (100% cellulose) and glue (potato or corn starch)

✓ **Resistance to extreme temperatures:** a cardboard box closed with gummed paper tape stays closed even in case of extreme cold or hot temperature and is therefore ideal for frozen food or bakery food.

✓ **Packaging savings:** a single strip of gummed paper is enough for a perfect sealing of your boxes, gummed paper allows you to reduce the consumption of tape avoiding its waste.
